

Juanita Harned – Director, Home School Enrichment Center - Juanita graduated from Evangel University in 1972 with concentrations in psychology and chemistry and teaching certificates in Math and Educable Mentally Retarded. She earned her Masters Degree in Special Education from the Texas Women's University in 1977 and another teaching certificate for the Physically Impaired. She completed her course work to earn her teaching certificate in Math for grades 7-12 in 1985. Juanita's most recent class work was with the Special School District where she recently retired after 31 years. She taught Grades 6-12 special education students and for the last five years taught Geometry and Algebra 2 at Ritenour High School in cooperation with a regular education teacher. These classes were composed of students with various educational needs and non-special education students. Juanita previously taught special education classes for grades 6-8 in Fort Worth, TX and grades 7-12 in Strafford, MO. Since retirement, Juanita works part time for the Special School District as a Homebound instructor. Juanita is the grandmother of several home schooled children.
